

## Sunset

### For this finish you will need:

1. Desert Rose-Dispersion
2. Sienna Yellow – Acryli-Shade
3. Table Mesa Tan – Acryli-Shade

### Mixing Procedure:

1. Mix Desert Rose (3 caps to 24oz of water) into a *Granicrete* professional spray bottle.
2. Mix Sienna Yellow (4oz to 20oz of water) into a *Granicrete* professional *spray bottle*.
3. Mix Table Mesa Tan (4oz to 20oz of water) into a *Granicrete* professional *spray bottle*

### Step-by-Step Procedure:

1. Apply all Granicrete Countertop Blend coats per installation instructions.
2. Stream and streak 65% of the surface using Desert Rose. While still wet, proceed.
3. Stream and streak 50% of the surface using Sienna Yellow. While still wet, proceed.
4. Stream and streak 20% of the surface using Table Mesa Tan. While to partially dry before proceeding.
5. Stream and streak 25% of the surface using Desert Rose. While still wet, proceed.
6. Stream and streak 15% of the surface using Sienna Yellow.
7. Allow surface to completely dry and then apply Granicrete Crystal Top Epoxy per product instructions.

**Professional Tip:** Constantly shake up FX colors while being used in a spray bottle. The powder within each FX color is what makes them unique. If the color rest in the spray bottle the powder will settle to the bottom.
